International women's day is celebrated all over the globe every year on 8th March. It is a significance of social, economic, cultural and political accomplishment of women. As it is rightly said that 3 things in life are important – Health, Mission and Love.

On the occasion of International Women Day, 9th March 2020 the women Development Cell of our college has organized a special seminar on "Common Cancer Awareness Programme" in the auditorium at 10.a.m. for the girls student in general and other faculty members in particular.

The Programme commenced with prayer song. The welcome address were given by student Ms. Bhavisha Parekh and Ms. Marshall Nadar our student representative. Looking at the risk factors for each illnesses, we have called our expert team from Indian Cancer Society.

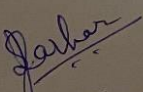

Indian Cancer society is committed in extending holistic knowledge, treatment and rehabilitation through its "Rise against Cancer Movement" The guest Dr. Shabana Ali was honoured by our principal sir Dr. B.B.Kamble and he also shared his opinion on Women Empowerment.

Individually we all are responsible for our thought and actions – all day and everyday.

Experience of violence and assault as well as emotional, physical and sexual abuse have devastating effects on women's well being. This can include depression, anxiety, drug and alcohol misuse, suicidal thoughts or attempts and post traumatic stress. Women have many unique health concerns such as menstrual cycle, pregnancies, birth control, menopause etc which may lead to heart disease, different types of cancer, osteoporosis, depression and auto immune disease.

Dr. Shabana Ali as a practicing physician and currently working in the ICU and Asian Cancer Institute. She has shared a profound knowledge and awareness to all our students and staff members about today's health issue and the precautionary treatment and health centres in Mumbai. She motivated the gathering with her inspirational and energetic talk. We also had an interaction session with our guest speaker. Students asked their problems or doubts regarding their fear about cancer disease in their mind. There were about more than 100 students participated in the seminar.

With this the session concluded by Vote of Thanks given by Incharge Professor of Women Development Cell by Prof. Jharna Sarkar.
