Annual Report - Academic Year 2023-2024

Programmes Attended by Teachers

Date: 29/04/2024

The institute's faculty members actively participated in a number of educational programs to advance their knowledge and abilities during the 2023-2024 academic year. These programs are in line with our dedication to supporting academic success and ongoing professional development.

Following are the details of the programs attended by faculty members:

Programme Name: Financial Management – Exploring strategies and their impact in modern era

Date: 23rd Feb to 28th Feb 2024

Participant Name: Prof. Raju Mistry

Organised by: Nirmala Memorial Foundation College of Commerce and Science

Financial management aligns with and influences business strategy by providing the necessary financial infrastructure to support strategic goals. It ensures that financial resources are allocated effectively, risks are managed, and profitability is optimized to drive the organization's success. Strategies include long-term financial planning, cost control, working capital management, diversification of investments, and adherence to regulatory compliance. These strategies aim to enhance financial performance, mitigate risks, and support sustainable growth.

Annual Report - Academic Year 2023-2024

Programmes Attended by Teachers

Date: 29/04/2024

The institute's faculty members actively participated in a number of educational programs to advance their knowledge and abilities during the 2023-2024 academic year. These programs are in line with our dedication to supporting academic success and ongoing professional development.

Following are the details of the programs attended by faculty members:

Programme Name: Research Methodology Workshop

Date: 11th Dec to 22nd Dec 2023

Participant Name: Prof. Chetan Panchal

Organised by: Vidyalkar School of Information Technology

The research methodology section in a scientific paper describes the different methodological choices made, such as the data collection and analysis methods, and why these choices were selected. The reasons should explain why the methods chosen are the most appropriate to answer the research question. A good research methodology also helps ensure the reliability and validity of the research findings. There are three types of research methodology—quantitative, qualitative, and mixed-method, which can be chosen based on the research objectives.

The institute's faculty members actively participated in a number of educational programs to advance their knowledge and abilities during the 2023-2024 academic year. These programs are in line with our dedication to supporting academic success and ongoing professional development.

Following are the details of the programs attended by faculty members:

Programme Name: Research Methodology & Research Ethics

Date: 20th Dec to 10th April

Participant Name: Prof. Chetan Panchal

Organised by: Ramniranjan Jhunjhunwala college of Arts, Science and Economics

The research methodology section in a scientific paper describes the different methodological choices made, such as the data collection and analysis methods, and why these choices were selected. The reasons should explain why the methods chosen are the most appropriate to answer the research question. A good research methodology also helps ensure the reliability and validity of the research findings. There are three types of research methodology—quantitative, qualitative, and mixed-method, which can be chosen based on the research objectives. Research ethics provides guidelines for the responsible conduct of research. In addition, it educates and monitors scientists conducting research to ensure a high ethical standard.

Programmes Attended by Teachers

Date: 29/04/2024

The institute's faculty members actively participated in a number of educational programs to advance their knowledge and abilities during the 2023–2024 academic year. These programs are in line with our dedication to supporting academic success and ongoing professional development.

Following are the details of the programs attended by faculty members:

Programme Name: Online Refresher course in developing MOOCs: Tools and Techniques.

Date: 25th Sep to 07th Oct 2023

Participant Name: Prof. Ashok Bharasakle

Organised by: Rani Durgawati University, Jabalpur, M.P

The goal of this extensive research methodology workshop was to provide our faculty members with cutting-edge methods and perspectives for creating MOOCs that facilitate the sharing of ideas and best practices. Developing Massive Open Online Courses (MOOCs) involves a systematic approach that integrates various tools and techniques to create engaging and effective learning experiences for a large and diverse audience. Here's a structured outline covering the key aspects of developing MOOCs

Annual Report - Academic Year 2022-2023

Programmes Attended by Teachers

Date: 29/04/2023

The institute's faculty members actively participated in a number of educational programs to advance their knowledge and abilities during the 2022–2023 academic year. These programs are in line with our dedication to supporting academic success and ongoing professional development.

Following are the details of the programs attended by faculty members:

Programme Name: National Faculty Development programme on research methodology titled sharpening contours of research.

Date: 20th Sep to 29th Sep 2022

Participant Name: Dr. B.B. Kamble

Organised by: M.L. Dahanukar college and Economics

This workshop concluded as "Sharpening Contours of Research" is a research methodology that focuses on refining the scope, clarity, and precision of research endeavors. It emphasizes the importance of clearly defining research objectives, delineating boundaries, and ensuring methodological rigor to enhance the credibility and impact of the study. Overall, "Sharpening Contours of Research" aims to enhance the precision, impact, and credibility of research through systematic methodology and rigorous scholarly practices.

Programmes Attended by Teachers

Date: 29/04/2023

The institute's faculty members actively participated in a number of educational programs to advance their knowledge and abilities during the 2022–2023 academic year. These programs are in line with our dedication to supporting academic success and ongoing professional development.

Following are the details of the programs attended by faculty members:

Programme Name: Research Methods and Data Analysis

Date: 24th May 2023 to 31st May 2023

Participant Name: Prof Chetan Panchal

Organised by: Nirmala Memorial Foundation

This workshop concluded as Data analysis techniques in research are essential because they allow researchers to derive meaningful insights from data sets to support their hypotheses or research objectives. Data Analysis Techniques in Research: While various groups, institutions, and professionals may have diverse approaches to data analysis, a universal definition captures its essence. Data analysis involves refining, transforming, and interpreting raw data to derive actionable insights that guide informed decision-making for businesses.

The institute's faculty members actively participated in a number of educational programs to advance their knowledge and abilities during the 2021–2022 academic year. These programs are in line with our dedication to supporting academic success and ongoing professional development.

Following are the details of the programs attended by faculty members:

Programme Name: Research Ethics & Academic Writing

Date: 17th Jan to 28th Jan 2022

Participant Name: Prof Chetan Panchal

Organised by: H.R College of Commerce and Economics

Academic writing with honesty is crucial for maintaining the integrity of the research community. To ensure ethical writing, it is essential to avoid plagiarism, maintain research integrity, establish clear roles and expectations in collaborative writing and authorship, and adhere to publishing ethics. Researchers should be honest about the sources, data, results, and conclusions of their research. Plagiarism, falsification of data, inaccuracy, or concealment of information are violations of this principle that undermine the credibility of the scientific community.

Annual Report - Academic Year 2019-2020

Programmes Attended by Teachers

Date: 30/05/2020

The institute's faculty members actively participated in a number of educational programs to advance their knowledge and abilities during the 2020-2021 academic year. These programs are in line with our dedication to supporting academic success and ongoing professional development.

Following are the details of the programs attended by faculty members:

Programme Name: R-Tool

Date: 20th April to 30th April 2020

Participant Name: Prof. Chetan Panchal

Organised by: S.K. college of Science and Commerce

R is a statistical programming tool that's uniquely equipped to handle data, and lots of it. Wrangling mass amounts of information and producing publication-ready graphics and visualizations is easy with R. So are all sorts of data analysis, mining, and modeling tasks. R is a popular programming language, especially in certain fields such as data science, academic research, and statistics. Many people think R's jump to top-ten popularity in 2020 was down to the language's increased use in COVID-19 research. When there's a lot of data to wrangle, R is the ideal tool—just one reason why the language is still popular today, nearly 30 years after its inception.
