Policy on Green Campus :

There are various initiatives taken by the college which are as follows:

- To protect and conserve ecological system and resources within the campus.
- To ensure efficient use of environmental sources to meet the needs and aspirations of the present and future generations.
- To conduct Green, Environmental and Energy audit.
- Sustainable infrastructure is a vital part of the college campus, providing space for study, play, outdoor events, relaxation.
- There are number of trees, shrubs, medicinal plants in the campus which serves as a home for number of insects and bird species.
- A gardener and full time adequate supporting staff are appointed for the maintenance of litter free clean and Green Campus.
- Generating mass awareness on Green campus amongst students and staff.
- Teaching faculties and staff members are encouraged to participate in the cleanliness drive activities such as Tree Plantation, Juhu beach cleaning etc.
- College encourages student and staff to use public transportation.
- Smoking and burning of garbage are strictly prohibited in campus. The abundant natural landscape cleans the air in campus.
- Installation of Energy efficient equipment.
- College commits to install environment-friendly electrical appliances that save energy and reduce wastage of energy.
- Most of the tube lights and lamps are replaced by LEDs in classrooms and passages to minimize the energy consumption.

- Maintain leak proof water fixtures.
- Continued employment of a caretaker to take immediate steps to stop any water leakage through taps, pipes, tanks, and toilet flush etc.
- Take initiatives to spread awareness among students about Food wastage and ways of minimizing it.
- The college aims to conduct a Green Audit to assess strengths and weaknesses for long term sustainability.
- An Energy Audit is carried out to reduce carbon foot print. The energy audit, with its specialized tools will identify wastage of energy.
- For energy efficient college, use of energy efficient light and bulbs which consume very less electrical power.
- Where ever possible sustainable resources are used this minimizing the usage of environmental unfriendly, toxic and hazardous substances.

Policy on Plastic Free Campus :

There are various initiatives taken by the college which are as follows:

- Segregation of wet waste and dry waste is done by our college premise.
- To measurably reduce plastic waste and pollution in college campuses and the world around them.
- To Ban on usage plastics within the institution's premises.
- To create a plastic-free college campus.
- To promote an eco-friendly culture.
- To promote a healthy way of living.
- To reduce environmental pollution.
- The college administration rigorously prohibits the use of single-use plastics in its property in order to make it a "Plastic Free Campus."
- To made the decision to inform and educate students about the harmful effects of the use of Plastics on humans, environments and animals.
- There are less plastic cups, plastic plates and spoons or straws used in our college canteen.
- This practice has focused on the reduced use and ultimately elimination of use of plastic bottles, plastic straws and poly bags within the college campus.
