STUDENTS SATISFACTION SURVEY

2023-2024

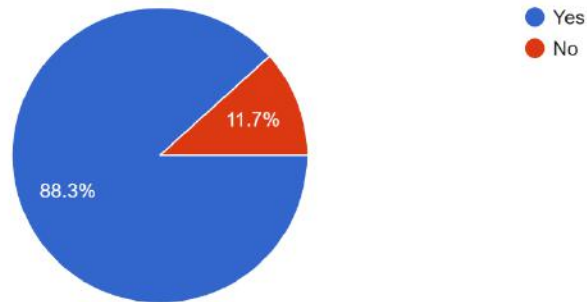

Shri Chinai College of Commerce and Economics is the well-known prestigious educational institution in Mumbai Suburban District, established in the year 1963 & it is affiliated to University of Mumbai and it is approved by the UGC. The institution offers U.G. courses and seeks to excel in its academic standards.

The college takes pride in continuously enhancing its quality and reputation through regular feedback and surveys. One such initiative is the Students Satisfaction Survey (SSS), which plays a vital role in improving academic standards. The SSS consists of a set of questionnaires approved by the National Assessment and Accreditation Council (NAAC). This survey seeks to gather insights from students regarding their experiences and perceptions of the institution. The feedback collected through this survey is crucial for refining the teaching-learning process and enhancing student-centric facilities.

The survey results show that a majority of students believe their degree remains effective after graduation, while a smaller group feels it is less impactful. Additionally, most students feel that the college provides timely information and counselling about career opportunities and placements, with only a few students expressing that they have not considered this aspect. Furthermore, the college also offers information regarding scholarships and other student support services. The responses from students to the survey questions are visually represented in the pie chart below.
